82' RAYBURN 'MI AMERE'

Ownermatch International presents an Exclusive Co-Ownership Opportunity

2002 RAYBURN CUSTOM MOTOR YACHT

M.V. MI AMERE

Located at the Ownermatch International Docks Coal Harbor, Vancouver, BC

Mi Amere has one of the most intelligently designed interiors in her class; a perfect marriage of privacy and luxury space for entertaining. Her enclosed bridge layout provides four staterooms with additional crew's quarters aft. The King size master suite is full beam with private access; plus a Queen VIP suite and two twin ensuite staterooms forward. *Mi Amere* has been fitted with a full custom theatre system with pop up 48" Plasma screen. On-deck features include a large comfortable salon, gourmet galley, formal dining area, second dining area forward, large aft deck and full walkarounds. The enclosed bridge area is fully equipped with electronics, wet bar and fridge, and opens to a spacious aft deck area complete with barbecue.

Full Ownership: \$3,500,000 US Co-Ownership: Price on Request

This unique co-ownership opportunity allows two or more proud owners to exclusively use and enjoy this world cruiser with friends, family and business associates for several months each year. That allows each owner more than enough time to enjoy northern waters in summer and the option of relocating the vessel to southern waters in winter for full year round enjoyment.

Ownermatch International makes it possible for a vessel of this caliber to be co-owned by the perfect partners who understand that, with time to enjoy the vessel being limited, it is much more economical-ly astute to co-own the vessel. All costs of ownership are shared equally. Each owner can experience all of the prestige of full ownership and exclusive usage of the yacht for the time they require – but at a fraction of the cost. Everyone wins.

Exclusive Co-Ownership Includes::

☞ Co-ordination of all aspects of ownership provided by Ownermatch International including:

- Schedule of use by owners
- Preparation of yacht before each sailing
- Skipper training and certification for owners
- Routine maintenance between sailings
- Professional skippers and crew
- Administer expenses & monthly accounting
- Concierge service for arriving and departing owners
- Cleaning services on owner departure
- Annual haul outs and maintenance
- 24 hour reservation line for owners
- Relocation to southern winter season cruising
- Arrange moorage, insurance and security services

GALLEY

A growing “smart money” trend has appeared in recent years – the “shared ownership” and use of expensive assets that are utilized only a portion of the time. It has been led by the private aircraft industry and moved rapidly into ownership of resort properties and luxury yachts. Located in beautiful Vancouver, British Columbia, Ownermatch International is a leader in exclusive co-ownership. Call Wayne Wilkins at 604-307-1947 today to discuss the benefits of exclusive co-ownership of resort homes, luxury yachts and private aircraft.

Exclusive Co-Ownership of Yachts

"There is no joy greater than the joy provided by ownership of a private yacht."

J.P.Morgan

Recent statistics confirm that the worldwide sales and manufacture of yachts over 80' are at record-breaking levels with no decline in sight. As more and more people search for those experiences that represent the ultimate expression of financial success, they are discovering the incredible lifestyle and freedom that comes with the ownership of a luxury yacht. However, they are also discovering that *shared* ownership (like the exclusive co-ownership facilitated by Ownermatch International) can make yacht ownership even more enjoyable and more affordable than ever before.

Historically, private yachts were owned by affluent individuals who would carry all costs of ownership on a year round basis – even though they would only use the vessel for a small portion of the time. These costs would include the capital costs associated with the purchase of the yacht, as well as all staffing, operating costs, maintenance, insurance, moorage, etc. In addition to the financial costs, many hours were invested in matters associated with keeping the vessel in top form and ready for use.

In recent years, a growing "smart money" trend has appeared – namely, the shared ownership and use of expensive assets that are utilized only a portion of the time. The trend was spearheaded by the private aircraft industry, and has moved rapidly into ownership of resort properties and luxury yachts.

Some Benefits of Exclusive Co-Ownership

- Reduce Purchase Price – Reduce your initial capital outlay to only a fraction of the purchase price depending on the amount of actual usage required
- Professional Management – Assures that your vessel receives prompt attention to all matters related to protecting the value of your asset
- Safety – Insure that all required maintenance is carried out efficiently and cost-effectively to insure safety of operation for you and your guests
- Insurance and Moorage – All fixed costs are shared equally by co-owners
- Generate Revenue – Receive optional charter revenue during periods you are not utilizing your vessel and maximize your allowable tax benefits
- Relocation Program – Extend your boating season by cost-effectively relocating your vessel to southern waters, making year round enjoyment possible
- Safe, affordable, hassle-free enjoyment of your yacht at the lowest possible cost.

2002 Rayburn Custom Yacht 'Mi Amere'
