

# EXCLUSIVE CO-OWNERSHIP OF YOUR LUXURY YACHT

Many of us aspire at some point in our life to own a prestigious power yacht or sailboat, yet only a lucky few manage to reach that goal. For many, the costs make it prohibitive, but others simply cannot justify owning such an expensive asset when they know how limited their use will be.

Wayne Wilkins, Working Editor

**N**ow there is a solution. “Exclusive Co-ownership”, through Ownermatch International, provides an intelligent, cost-effective alternative for ownership of a luxury yacht...one that provides all the pleasure at half the cost...and realistically represents an owner’s ability to use and enjoy the asset. Shared ownership is not new. It has become well-entrenched in both the private jet industry, and more recently in the ownership of resort homes and recreational properties. The application of these same fundamental economic principles to the enjoyment of luxury yachts is growing exponentially around the world.

Every experienced yacht owner is aware of the tremendous capital costs involved in keeping a luxury yacht ready to go in their favorite port. Add to that accelerated depreciation due to devalued dollars, limited moorage options and sky-high fuel costs. It is becoming harder and harder to justify the pleasures of private yacht ownership...or is it? Ownermatch International now provides present yacht owners an opportunity to find the perfect co-owner with whom to share those costs and enjoyment of their private yacht. For new buyers entering the market, we assist in all aspects of both the search for the right partner and the search for the right yacht.
